Standard data protection clause

"The End User notes that personal data about the End User is compiled from generally available sources and from communications received from the End User and other Universities as well as from off-site sources. The policy relating to the use and processing of such data is posted on the University website at <URL>. Such data will be used, inter alia, to authenticate and authorize the access to and use of various resources within the University and on other sites ("Approved Uses").

The End User hereby consents to the collection, processing, use and release of such data to the extent reasonably necessary for the Approved Uses. Such consent includes, but is not limited to, the release of personal data to other institutions by employing cookies and electronically exchanging, caching and storing personal authorization attributes. At least in case of data export to foreign countries the University respectively the Identity Provider implements a user consent dialogue."

Context

The 'standard data protection clause' listed above gets referred to in the 'SWITCHaai Service Description': http://switch.ch/aai/docs/SWITCHaai_Service_Description.pdf

For further templates related to data protection and privacy, see: http://switch.ch/aai/legaltemplates
