Shibboleth 1.3 ➔ 2.x Migration

- Support for Shibboleth 1.3 ends 30. June 2010

- Shibboleth 2 is stable and well tested, provides useful new features

- Migration should be finished by September 2010, before the autumn semester starts!

- Still two perfect opportunities to upgrade:
  - Semester break January - February 2010
  - Semester break July - September 2010

Where are we now?

- The Resource Registry provides up-to-date info:
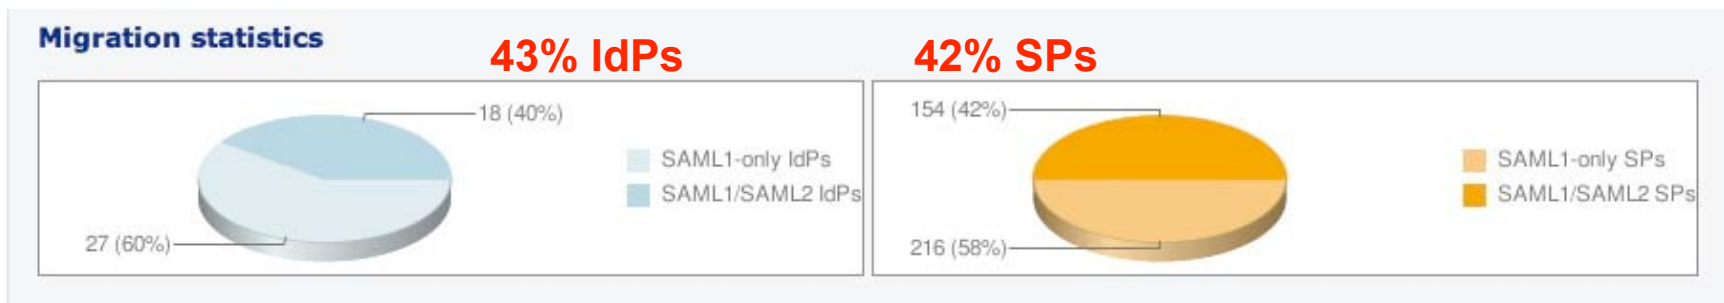

Shibboleth 2 IdP Migration Status
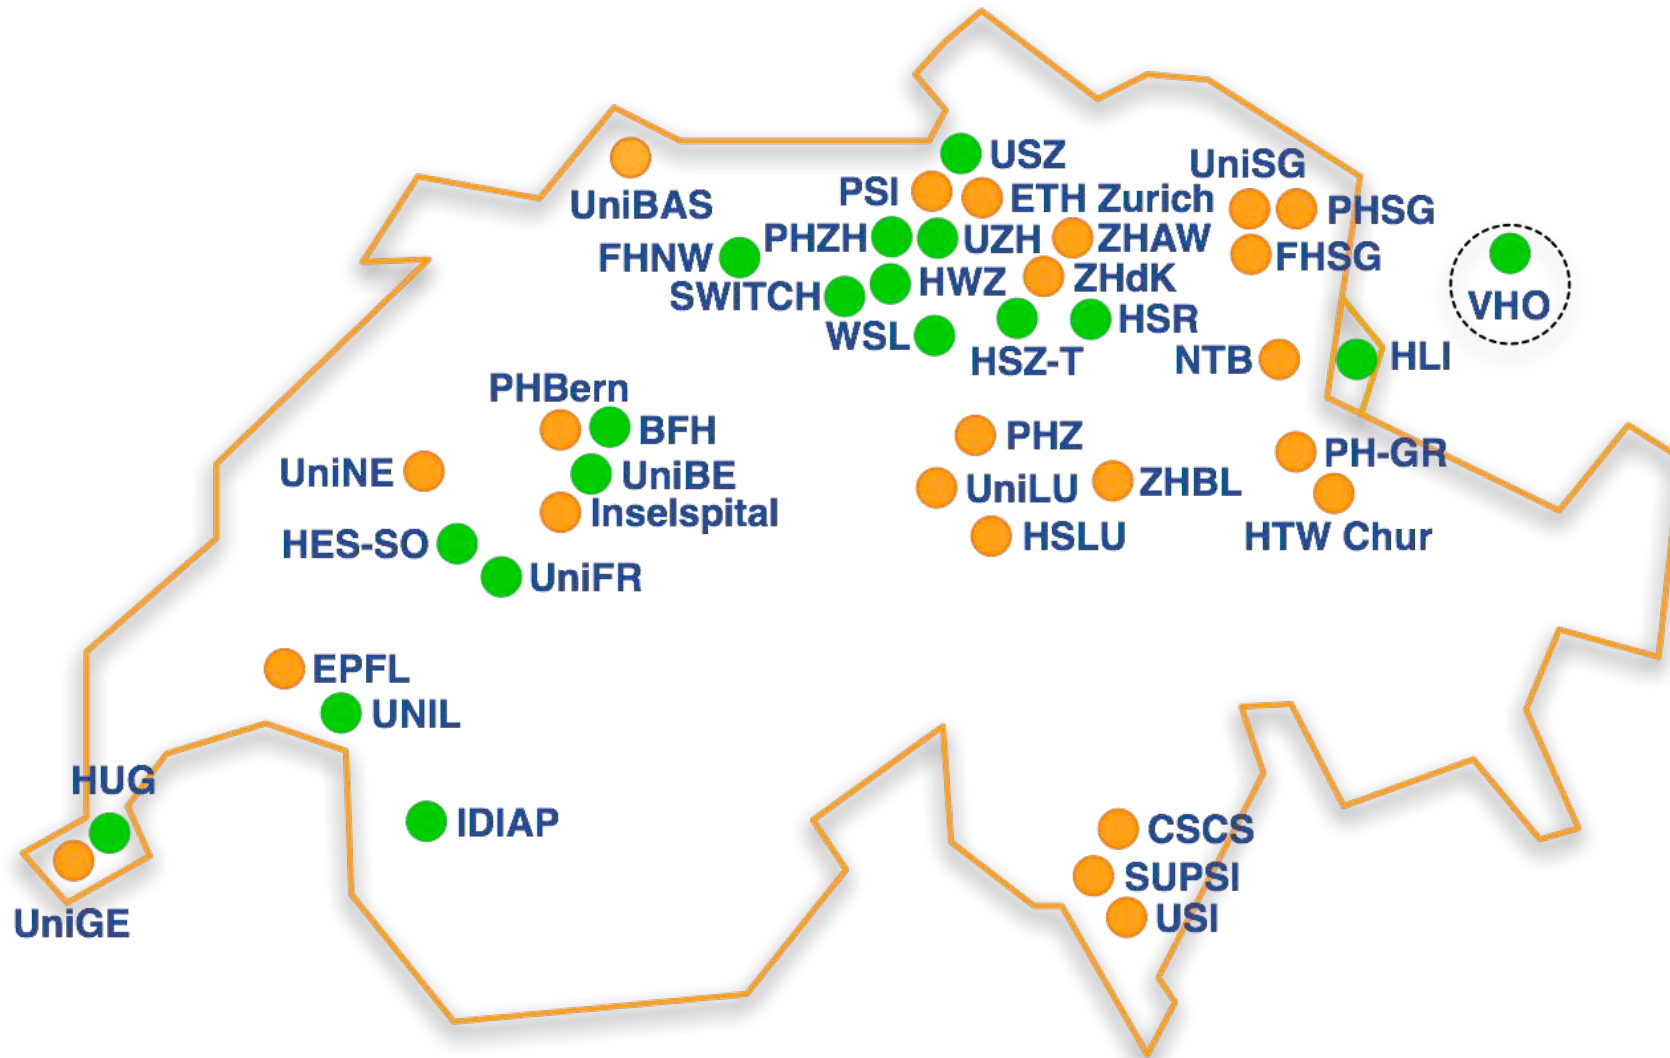

IdP Migration Experience in the Community

- Luzian Scherrer, UZH

- Etienne Dysli, UNIL
